

Hassle Free Shopping Experience

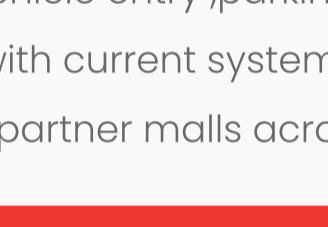

EZWalkin verifies an user with their mobile number and unique identification check like Passports or Emirates ID at the time of signup. Done!

Now you can walkin to any of our partner stores or business centres by just showing the app at the security check! Scan the QR code at the partner stores and get logged in and avail exciting offers pushed time to time.

Partners and stores will have their visitors details and can push notifications of events and offers to their valued customers.
